Features and Benefits

DEATH BENEFIT OPTIONS

With Platinum Series Universal Life Insurance, you'll be able to select from one of the two death benefit options.

Option A: Level Death Benefit; or

Option B: Accumulation Value in Addition to the Face Amount

- The owner may request a death benefit change at any time after the first policy year.

Subject to approval, a change from Option A to Option B will result in a decreased face amount, equal to the accumulation value. A change from Option B to Option A will result in an increased face amount, equal to the accumulation value.

Loans and Withdrawals¹

- Loans are allowed any time after your policy has a Cash Surrender Value. The loan rate is 6% in arrears.
- The Maximum Loan Amount equals the Cash Surrender Value minus the anticipated Cost of Insurance Charges, Rider Charges, Policy Expense Charges and loan interest on the Indebtedness from the date of the loan to the next Policy Anniversary, but not more than three months.
- Preferred Loans are available after the policy has been in force ten (10) years.
- Withdrawals are allowed once a year after the first policy year. There is a service fee of \$25.00 per withdrawal.
- Withdrawal amounts must be at least \$500.00 and cannot reduce either the remaining Cash Surrender Value below \$500.00 or reduce the face amount below the minimum face amount shown on the policy data page.

This Rider is included at no additional charge. The Accelerated Benefit Insurance Rider advances a portion of the Death Benefit prior to the Insured's death due to a Terminal Condition or Chronic Illness. The maximum Accelerated Death Benefit Amount² is the lesser of 25% of the Death Benefit or \$400,000. For Terminal Condition, the Administrative Fee³ will be deducted from the elected Accelerated Death Benefit Amount and the remainder will be paid in a lump sum. For Chronic Illness, the Accelerated Death Benefit Payment received by the client will be less than the Accelerated Death Benefit Amount elected and will be calculated⁴ on approval and election of the Accelerated Death Benefit. The Administrative Fee³ will be deducted from the Accelerated Death Benefit Payment and the remainder will be paid in a lump sum.

Optional Riders⁵

Optional riders, available for an additional cost, allow you to customize your policy depending on your personal and financial circumstances.

- Waiver of Monthly Deduction Rider – waives the monthly deductions for as long as the insured meets the Rider definition of Totally Disabled and proof of continuance of disability is provided.
- Accidental Death Benefit Rider – provides an additional death benefit if death is a result of a covered accident, as defined in the Rider. The minimum amount is \$25,000 and the maximum amount is \$250,000.
- Children's Term Rider – provides level term life insurance for all eligible children. At the end of the term period, the rider benefit may be converted to a permanent policy up to five (5) times the original amount.

¹ Loans may vary by state. Loans and Withdrawals may reduce both a Policy's Cash Surrender Value and Death Benefit.

² Minimum Benefit Election: \$5,000.

³ As used in this Rider, means a onetime charge equaling the lesser of \$250 or the maximum allowed by law in the state which this policy was issued.

⁴ The calculation of the Chronic Illness Benefit considers the Account Value of the Policy and the Present Value of Future Benefits at the time the insured elects to accelerate.

⁵ Riders not available in all states. State variations may apply.
